5 - 10 push ups  
5-10 squat jumps  
5-10 high knees  
20 crunches  
20 plank jacks

### About our Trainer: Lauren Updyke

Hi athletes. Yes I am talking to you! Starting today, you refer to yourself as athlete. You are strong, kind, and ready to complete this triathlon in honor of those fighting against cancer. I have been a coach for over 20 years and have coached over 10,000 athletes. If you ever have any questions or want to share your success please shoot me an email: [graciesgear@gmail.com](mailto:graciesgear@gmail.com) I have my Master's degree in Exercise Science and I competed at the collegiate level in cross country and track and field. I played every sport up until my Senior year in high school. Exercise was my outlet and where I felt most comfortable. I worked at Duke University for 13 years and now I work at the University of Washington (Go DAWGS!) managing their wellness program. I am super impressed that you committed to this race. Have fun!
