Race Safety

The safety of our athletes, volunteers, and spectators is our primary concern.

- In the event of inclement weather, the race will continue under the following circumstances:
 1. Lightning: The event will be postponed by 30 minutes. All racers and spectators will move to the gymnasium for shelter. If the lightning continues, the race will be cancelled.
 2. Rain: The event will NOT be canceled due to rain alone. If it is determined that the bike portion of the race would be unsafe due to wet roads, then the race will be changed to a swim-run duathlon. Athletes will be informed of such a change via announcements on race day.
 3. Tornado warning: The race will be canceled in the event of a tornado warning.
- Racers must have a properly fitted bike helmet with secured strap that is worn at all times when riding the bike.
- Kindly remind your racer to listen to the volunteer's instructions at all times
- Ensure the Emergency information on the back of the running bib is correct
- We kindly request that spectators remain off the course at all times unless guided by our volunteers. Thank you for your cooperation. Have fun!
